

For the Lord thy God
bringeth thee into a good land,
a land of brooks of water,
of fountains and depths that
spring out of valleys and hills;
a land of wheat, and barley,
and vines and fig trees,
and pomegranates;
a land of oil olive, and honey;
a land wherein thou shalt eat bread
without scarceness, thou shalt not
lack anything in it; a land
whose stones are iron, and out
of whose hills thou mayest
dig brass.

Deut. viii. 7-8, 9.

Result of the Vote as Declared

Cemetery Committee—Edmund F. Lovell, 418 votes
 Albion F. Carlson, 1 vote

**Records of the Annual Town Meeting Held in Snow's
 Hall, Millis, Mass., Monday Evening,
 February 15, 1926**

Meeting opened by Moderator R. F. King, at 7.40 P. M.

Article one of the Town Warrant having been acted upon at the meeting held Monday evening, February 8, it was at this time passed and Article 2 taken up.

Art. 2 To hear and act on the reports of Town Officers and Committees.

Voted that the several reports of the town officers be taken up and acted upon separately as given in the town report for year 1925.

All reports discussed, accepted and adopted as printed.

Under the Selectmen's report, it was suggested that the road work be charted and put into the Selectmen's report and sent to the townspeople.

Voted to take up and act upon Article 32 at this time.

Art. 32 To see if the town will instruct its selectmen to grant and issue forthwith to the Medway & Dedham Bus Lines, Inc., a license, in accordance with the terms of Gen. Laws Chap. 159, and all acts amendatory thereof or supplementary thereto, to operate motor busses over the same route through said town that is now covered by said Medway & Dedham Bus Lines, Inc., or do or act anything relating thereto.

After a general discussion it was voted unanimously: That it is the sentiment of this meeting that a license, in accordance with the provisions of Chapter 159 of the General Laws and all acts amendatory thereof or supplementary thereto, and in accordance with the rules and

regulations, the Commission has been authorized to make such regulations as may be necessary to carry out the purposes of this Act, and to prescribe the forms and manner of filing of such reports, and to prescribe the manner of conducting the investigation and the manner of presenting the results thereof.

Section 10. The Commission shall have the right to call upon any person who is or has been engaged in the business of the production, distribution, or sale of any commodity, or who is or has been engaged in the business of the production, distribution, or sale of any service, for the purpose of obtaining information, and to require the production of any books, papers, or documents, and to require the attendance of any person before the Commission, and to administer oaths and affirmations, and to take any other action which may be necessary to carry out the purposes of this Act.

Section 11. The Commission shall have the right to make such investigations as may be necessary to carry out the purposes of this Act, and to make such reports as may be necessary to carry out the purposes of this Act.

Section 12. The Commission shall have the right to make such recommendations as may be necessary to carry out the purposes of this Act, and to make such reports as may be necessary to carry out the purposes of this Act.

Section 13. The Commission shall have the right to make such recommendations as may be necessary to carry out the purposes of this Act, and to make such reports as may be necessary to carry out the purposes of this Act.

Section 14. The Commission shall have the right to make such recommendations as may be necessary to carry out the purposes of this Act, and to make such reports as may be necessary to carry out the purposes of this Act.

Debt and Interest,	14,098 80
	<hr/>
	\$70,398 80

Total amount under debt and interest is \$17,100.00
Amount appropriated \$14,098.80, \$2,681.25 to be taken
from the Sewer Fund assessment and \$319.95 to be paid
out of receipts from the Water Department to Treasurer
to meet interest on the note.

Art. 5. To see if the town will appropriate the sum
of \$25,000.00 for the maintenance of law and order, or act
in any manner relating thereto.

Voted to appropriate the sum of \$2,200.00 for the
maintenance of law and order.

Art. 6. To see if the town will appropriate the sum
of \$3,000.00 for the rebuilding of Middlesex Street, pro-
viding the state and county contribute like sums, or act
in any manner relating thereto.

Voted to appropriate the sum of \$9,000.00 for the re-
building of Middlesex Street, providing the state returns
to the town \$3,000.00 and the County \$3,000.00, and this
work to be let out to the lowest responsible bidder.

Art. 7. To see if the town will appropriate the sum
of \$5,000.00 to continue the permanent road construction
on Main street, providing the state contributes \$10,000.00
and the county \$5,000.00, or act in any manner relating
thereto.

which relate to loans issued for department equipment, said amount to be paid in not more than four years from the date of issue of the first note or bond issued, or such earlier dates as the Treasurer and Selectmen may determine, and that a committee of five be appointed by the Moderator to include the Engineers, and they be authorized to purchase such equipment.

Committee under Article 8. Benjamin J. Lewis, Milford B. LaCroix, Carl B. Miller, Arthur F. Post, C. Merrill Cushman, etc.

Art. 7. To see if the town will appropriate the sum of \$2,000.00 to defray the expense already incurred by the Selectmen in laying the drain pipe at Chicquot, or act in any manner relating thereto.

Voted to appropriate the sum of \$2,000.00 to defray the expense already incurred by the Selectmen in laying the drain pipe at Chicquot.

Art. 10. To see if the town will appropriate the sum of \$4,500.00, that being the town's proportion of the construction of the proposed bridge over the Charles River in Forest Street, or act in any manner relating thereto.

Voted that the article be dismissed.

Art. 11. To see if the town will appropriate the sum of \$1,000.00 for repairs on Farm Street, or act in any manner relating thereto.

Voted that \$2,000 be appropriated for repairs on Farm Street.

Art. 12. To see if the town will appropriate the sum of \$1,000.00 for repairs on Causeway Street, or act in any manner relating thereto.

Voted that the sum of \$2,000 be appropriated for repairs on Causeway Street.

Art. 13. To see if the town will appropriate a sum

driving of the wells be let out to the lowest responsible bidder.

Voted that the expenditure of this money be in the hands of the Water Commissioners and two others to be appointed by the Moderator.

Art. 16. To see if the town will appoint a committee of three to act with the School Committee in laying out a proper sewer and drainage system at the High and Adams Schools, the committee to report at the next special meeting, or act in any manner relating thereto.

Voted that the Moderator appoint a committee of three to act with the School Committee in laying out a proper sewer and drainage system at the High and Adams Schools, the committee to report at the next town meeting.

Art. 17. To see if the town will appropriate the sum of \$1000.00 for a permanent sidewalk on some street to be selected at the meeting, or act in any manner relating thereto.

Voted that this article be dismissed.

Art. 18. To see if the town will appropriate a sum of money to pay land damages on Baltimore Street, the same to be reimbursed by the County, or act in any manner relating thereto.

Voted that the sum of \$1,500.00 be appropriated to pay land damages on Baltimore Street, the same to be reimbursed by the County.

Art. 19. To see if the town will appropriate the sum of \$746.42, said sum being the portion of the expense incurred and apportioned by the County Commissioners for the care and maintenance of Norfolk County Hospital, as provided by General Laws, Chapter 111, and acts in amendment thereof, or act in any manner relating

thereof.

Voted that the sum of \$1000 be appropriated to the purchase of the necessary equipment for the formation of a fire department in the town of Middlebury.

Art. 21. The sum of \$1000 be appropriated to the purchase of the necessary equipment for the formation of a fire department in the town of Middlebury.

Art. 22. The sum of \$1000 be appropriated to the purchase of the necessary equipment for the formation of a fire department in the town of Middlebury.

Art. 23. The sum of \$1000 be appropriated to the purchase of the necessary equipment for the formation of a fire department in the town of Middlebury.

Art. 24. The sum of \$1000 be appropriated to the purchase of the necessary equipment for the formation of a fire department in the town of Middlebury.

Art. 25. The sum of \$1000 be appropriated to the purchase of the necessary equipment for the formation of a fire department in the town of Middlebury.

Art. 26. The sum of \$1000 be appropriated to the purchase of the necessary equipment for the formation of a fire department in the town of Middlebury.

Art. 27. The sum of \$1000 be appropriated to the purchase of the necessary equipment for the formation of a fire department in the town of Middlebury.

Art. 28. The sum of \$1000 be appropriated to the purchase of the necessary equipment for the formation of a fire department in the town of Middlebury.

Voted that the sum of \$1,200.00 be appropriated for the use of the Board of Health.

Voted that the Selectmen be instructed to apportion \$100.00 of this Board of Health appropriation toward the sending to some health camp during the summer time of any deserving child in the town who might be benefited thereby.

Art. 25. To see if the town will appropriate a sum of money for Memorial Day, or act in any manner relating thereto.

Voted to appropriate the sum of \$200.00 for Memorial Day.

Voted that the appropriation of \$200.00 for Memorial Day be expended under the direction of the American Legion Post No. 208.

Art. 26. To see if the town will vote to install an electric light on Daniels Street, near the residence of Charles Smith, and appropriate money for the same, or act in any manner relating thereto.

Voted that the Selectmen be instructed to have an electric light installed on Daniels Street, near the residence of Charles Smith.

Art. 27. To see if the town will vote to install an electric light on Spring Street near the residence of Edward Tighe, and appropriate money for the same, or act in any manner relating thereto.

Voted that the Selectmen be instructed to have an electric light installed on Spring Street near the residence of Edward Tighe.

Art. 28. To see if the town will vote to install an electric light on Myrtle Street, near the store of Mrs. Emma Carlson, and appropriate money for the same, or act in any manner relating thereto.

...and that the ... in ... electric light ... of Mrs. ...

Voted that the treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the municipal year beginning Jan. 1, 1926, and to issue bonds or notes therefor, payable within one year, any debts incurred under this vote to be paid from the revenue of said municipal year.

Art. 34. To grant money appropriated in the foregoing articles.

Voted to grant the sum of \$115,976.24 appropriated in the foregoing articles.

Voted to adjourn.

LOUIS LaCROIX,

Town Clerk.

**Special Meeting, Grange Hall
May 10, 1926**

Art. 1. To see if the town will instruct the Selectmen to petition the County Commissioners for relocation of Exchange, Curve and Union streets from the drug store to Conway's Corner.

Voted unanimously that the town do instruct its Selectmen to petition the County Commissioners for relocation of Exchange, Curve and Union streets from the drug store to Conway's Corner.

Art. 2. To see if the town will amend the vote passed at the annual town meeting on Feb. 8th with reference to the appropriation on Middlesex Street so that it shall read: "To see if the town will appropriate \$3,000.00 in conjunction with money contributed by the State and County for the rebuilding of this street."

A count of voters present showed but 52 in hall.

Sec. 4, Chapter 1, of the town by-laws requiring 15 per cent of the legal voters (105) to act on remainder of warrant.

Voted to adjourn.

Art. 3. To see if the town will appropriate the sum of \$1,000.00 for incidentals to meet the deficiency incurred on account of snow, or act in any manner relating thereto.

No action.

Art. 4. To see if the town will vote to raise and appropriate the sum of \$15,000.00 to be used in conjunction with sums allotted by the State and County for the purpose of completing the construction of Main Street to the Medfield line, and that the Treasurer, with the approval of the Selectmen, is authorized to issue notes not

to avoid further discussion of the same, the meeting adjourned to the next meeting of the Board of Directors at the Grange Hall, to be held on the 17th day of September, 1926.

Adjourned.

At the 5th meeting of the Board of Directors, held at the Grange Hall, on the 17th day of September, 1926, the Board of Directors of the Grange, after a long and interesting session, passed the following resolutions:

Resolved,

That the

Board of Directors

do hereby

Special Meeting, Grange Hall.

September 17, 1926

At the 1st meeting of the Board of Directors, held at the Grange Hall, on the 17th day of September, 1926, the Board of Directors of the Grange, after a long and interesting session, passed the following resolutions:

It was voted unanimously that the Board of Directors do hereby resolve to use the 1925 balance of \$10,000.00 now in the town treasury for the purpose of reducing the tax rate of the town for the year 1926.

Adjourned.

FIRE ENGINEERS REPORT OF FIRE DEPARTMENT

In presenting Fire Engineers' report for the past year, we are pleased to call to your attention the exceptionally low property loss sustained.

This, with a number of improvements made, some of which we name below, tend to make this year one of the best.

On May 10th we placed in service the Maxim Triple Combination purchased by your committee appointed last year. It already has proved its stamina and is a wonderful addition to the Department.

We have also adopted Mutual Aid with our neighbors, Medway, Norfolk and Medfield. This may be extended later to other towns. Mutual Aid is a very important event for any town to consider, and we are pleased to adopt the method.

The hydrants and hose couplings have been changed to National Standard as required by State.

The Rockville Engine House has had a new upper floor and partition built in to save heat.

The new electric driven Centrifugal Pump at Pumping Station will be of immense value to the Fire Department especially in case of a night fire when in the past our pressure has been very low.

Fire drills at High and Adams Schools are regularly

conducted in accordance with the provisions of the
 new law. The results of the investigation have
 been published in the form of a report, which
 is now being distributed to the various
 departments of the Government. The report
 contains a full and complete statement of
 the facts and circumstances of the case, and
 the conclusions reached by the investigating
 committee. It is believed that the publication
 of this report will be of great value to the
 public, and will serve to increase the
 confidence of the people in the Government.

The following is a list of the names of the
 persons who have been appointed to the
 various positions in the Government:

President of the United States
 Vice President of the United States
 Secretary of the United States
 Secretary of the Treasury

Report of Special Committee

To the Citizens of Millis:

At the annual town meeting the sum of (\$8,000.00) eight thousand dollars was appropriated for the purpose of purchasing a (500) five hundred gallon pumping engine of a standard make for the Fire Department.

Your committee investigated the matter quite thoroughly, and it was decided to buy a Maxim five hundred gallon pump equipped with a (70) seventy gallon booster tank, and a body capable of carrying (1000) one thousand feet of (2½) two and one-half inch hose. Before delivery your committee requested the underwriters' bureau to make a practice test in their presence. The apparatus passed the required test very satisfactorily and fully covered the requirements of our specifications.

Respectfully submitted,

DELMONT C. ADAMS,

MILLARD B. LaCROIX,

ARTHUR E. POST,

CHARLES M. CUSHMAN,

Special Committee.

Pumping Station Report

The following is the report of the pumping station for the

work done at the Pumping Station.

The work at the Pumping Station has been completed as far as the installing of the new pump, connecting of the discharge main, installing the new suction main to the wells, installing the Venturi meter, and repairing of the steam pump. We feel that a good job has been done on the work completed and that the town has been greatly benefited by it.

The work on the wells was not done as the other work carried us along so late into the fall that we felt that it would only be adding extra expense to try and work on them at this time of year. The men would have to work in water all of the time and they could not do themselves justice in the cold weather.

The bids for the work of furnishing and erecting in place in the pumping station of the new pumping equipment was sent to the following concerns to be in the hands of the committee at 2 P. M. on May 5th.

Hayes Pump & Machinery Co.

Fairbanks Morse & Co.

Worthington Pump & Machinery Co.

Warren Pump Co.

Delaval Steam Turbine Co.

Gould Pump Mfg Co.

The bids were as follows:

Hayes Pump and Machinery Co., \$2,447.00.

Fairbanks Morse & Co., \$1,388.00.

All the other concerns refused to bid.

After considering these bids and the communications from the other concerns your committee decided to reject all bids, and draw up a new set of specifications and call for new bids. New bids were called for from the same concerns to be in at 2 P. M. on June 7th.

Special Data:

General Specifications

We propose to deliver and erect on your foundation at pump house site Cliquot, Massachusetts, the following material:

Centrifugal Pump:

One (1) 4-in., 2-stage, De Laval double suction horizontal split shell centrifugal pump, having 4 in. discharge and 5-in. suction. Capacity, 450 gallons per minute when operating against a total effective head including suction lift of 200 ft. with guaranteed efficiency of 68% when operating at 1750 R. P. M. requiring 33.4 brake H. P. Efficiency on this unit when operating under a head of 185 ft. will be 72%, making an average efficiency over your range of operation of 70%.

We attach characteristic curve No. 18150 showing performance of the above unit. This curve, however, is made up on the basis of 220 ft. total head which is equivalent to your 200 ft. discharge head above station floor plus 20 ft. to the maximum suction lift. If your total head as specified is discharge head above station floor it is understood that pump will be set approximately 8 ft. below the station floor giving a suction lift of 12 ft.

Specifications and cuts, together with general dimension print D-7834 on the above unit are attached.

Electric Motor:

There will be furnished and mounted upon the same base with the above pumping unit one 40 H. P., 3 phase, 60 cycle, 220 volt, 1750 R. P. M., Wagner Automatic start Motor.

General

There will be provided for the Department of Health and Welfare, a special board of health and safety, to be composed of representatives of the various departments and agencies, to be appointed by the Governor, to advise the Governor on all matters relating to the health and safety of the people of the State.

General

There will be provided for the Department of Health and Welfare, a special board of health and safety, to be composed of representatives of the various departments and agencies, to be appointed by the Governor, to advise the Governor on all matters relating to the health and safety of the people of the State. It will be provided for the Department of Health and Welfare, a special board of health and safety, to be composed of representatives of the various departments and agencies, to be appointed by the Governor, to advise the Governor on all matters relating to the health and safety of the people of the State.

Delivery:

The delivery of the above equipment can be completed within approximately five to six weeks from date of receipt of signed contract with complete information.

All of the above material can be furnished for the sum of Twenty-three Hundred Dollars (\$2300.00).

TURBINE EQUIPMENT CO. OF NEW ENGLAND.

Accepted July 2, 1926 By E. H. Hendrickson.

Charles LaCroix, Lloyd C. King, Hiram LaCroix,
H. M. Cushman, W. B. Esselen, Water Committee

Boston, Mass., July 10, 1926.

Approved by Turbine Equipment Company of New
England, C. M. Kriner, Sec.

Estimations on the work of overhauling and repairing the steam pump was asked for from the Worthington Pump & Machinery Corporation and the Boston Engineering Co.

The Worthington Pump & Machinery Corporation estimated \$700.00, but we were to take the pump down, deliver it to Holyoke, bring it back, and set it up again.

The Boston Engineering Co., also bid \$700, but they did all the work of taking the pump down, carting it to Boston, also to bring it back, and set it up ready to turn the steam on again, so the work was given to them.

The appropriation was spent as follows:

Hydraulic Development Co.,	\$380 60

care of the increased flow of sewerage. The biggest flow is in the spring and early summer and the four beds we have now cannot handle it.

Respectfully submitted,

FLOYD C. FINE.

Dec. 11, 1926.

Evan F. Richardson, Esq.,
Millis, Mass.

Dear Mr. Richardson:—

Judge Chase, who acted as Auditor in the cases brought by Cliquot Co., Herman Shoe Co., and S. Depack Mills against the Town of Millis seeking abatement of their sewer assessments, duly filed his report. As I have previously written you this was entirely favorable to the Town in that it found that the assessments did not exceed the benefit to the petitioners, and was not more than their fair share of the one half of the cost which the Town voted to assess. This means, of course, that the assessments are in all respects legal and that the attack upon them of these petitioners entirely fails. As was agreed when the auditor was appointed his findings of fact were to be final. Accordingly there was no opportunity for these petitioners to go further with the case and they have assented to the entry of judgements in each case in favor of the Town upon the findings of the auditor. This entry has been made so that the cases have now been finally disposed of in favor of the Town.

I enclose herewith bill for legal services rendered the town in this matter. This bill covers all services in this matter, my associate's as well as my own. Shortly after the cases were brought I advised you that it was desirable to obtain the services of some independent coun-

[illegible]

reference of cases to an Auditor, his findings to be final;

Visit to premises of petitioners and examination of sewer system with Auditor;

Trial and argument of cases before Auditor;

Examination of findings of Auditor, same being to the effect that assessments made by sewer commissioners were not excessive or illegal.

Conferences with attorneys for petitioners and arrangement for entry of judgments in favor of town upon the findings made by the Auditor.

Obtaining entry of such judgments;

\$2,000 00

Cash Disbursements

Clicquot Club Company vs.

The Inhabitants of the Town of Millis

[illegible]

10,000 gallons of water which has been used for cooling purposes which has little or no harmful content.

Prior to 1920, when the sewer was built, all three of these companies had discharged their toilet waste into cesspools constructed upon their own premises. The Chipot Company and Safeack Mills had disposed of waste water used in the manufacture of their products by discharging it into a brook which flowed nearby. This brook took its course through a swamp and at one point ran not a great distance from wells from which the town derived its water supply. There was also at times some overflow from the cesspool into the brook, and the conditions caused thereby required correction. The attention of the town was called to the pollution of the brook and the danger to the public water supply. This resulted in the enactment of Special Acts, 1918, Chapter 129, which was duly accepted by the town.

Under this Act the sewer was constructed, at a cost of approximately \$52,000. On March 6, 1919, the town voted that the town should pay not over one-half of the cost of the system, "and that the Sewer Commissioners be authorized to make such assessments on parties benefited thereby as will be equitable and just."

On July 12, 1920, the town fixed the following rates for assessment:—

Upon land abutting on a street in which the sewer is constructed \$1.00 per foot of frontage on such street. Every dwelling house upon land abutting on such street shall pay an entrance fee of \$50.00 for a single house and \$100.00 for a double house; the entrance fee for dwellings occupied by more than one family or for buildings used for hotels, restaurants, factories, or

96. The effect of space on the rate of reaction	9500.00
97. The effect of time on the rate of reaction	9600.00
98. The effect of space on the rate of reaction	9700.00
99. The effect of time on the rate of reaction	9800.00
100. The effect of space on the rate of reaction	9900.00

The results of the experiments conducted during the last year are summarized in the following table. The table shows the effect of various factors on the rate of reaction. The factors are temperature, concentration, catalyst, surface area, pressure, time, pH, light, magnetic field, electric field, sound, vibration, shock, radiation, gravity, air, water, oil, alcohol, sugar, salt, acid, base, metal, non-metal, gas, liquid, solid, plasma, vacuum, atmosphere, space, and time. The rate of reaction is measured in units of 100.00. The results show that the rate of reaction increases with increasing temperature, concentration, catalyst, surface area, pressure, time, pH, light, magnetic field, electric field, sound, vibration, shock, radiation, gravity, air, water, oil, alcohol, sugar, salt, acid, base, metal, non-metal, gas, liquid, solid, plasma, vacuum, atmosphere, space, and time.

as compared with the drainages from the industries. The sewer pipe laid, however, is of a size sufficient to care for the sewage of the residential district in case the system is extended in the future. The drain leads to the disposal plant, which consists of filters and sludge beds, constructed at a safe distance from the water supply.

In reaching their determination, the assessors placed upon the petitioners the same assessment and the town seems to have acted wisely upon the principle that machinery is the three petitioners had made the sewer necessary, they should bear all the cost of construction even and save the special benefit to be borne by the town. Although this theory may not be correct, yet the assessment actually made cannot be disturbed if the amount paid on proportioned and does not exceed the value of the special benefits conferred.

I find it very difficult to determine the value of the special benefit to the land of the petitioners resulting from the laying of the sewer. It is admitted that there has been a very substantial benefit to each of them. An adequate system for the Herman Company and the Cliquot Company was a necessity. The Safeback Mills were disposing of their refuse in a satisfactory manner, and doubtless could have continued to do so, but in view of changes which might occur in the use of their factory and the character of their product, it is easy to see that the value of their real estate investment is materially increased by having the question of sewage settled for all time.

Neither the Herman Company nor the Cliquot Company could have built a separate disposal system for the amount of their assessments. Acting together they could have built a sewer for their own needs for a sum

1998, 1999, 2000, 2001, 2002, 2003, 2004, 2005, 2006, 2007, 2008, 2009, 2010, 2011, 2012, 2013, 2014, 2015, 2016, 2017, 2018, 2019, 2020, 2021, 2022, 2023, 2024, 2025, 2026, 2027, 2028, 2029, 2030, 2031, 2032, 2033, 2034, 2035, 2036, 2037, 2038, 2039, 2040, 2041, 2042, 2043, 2044, 2045, 2046, 2047, 2048, 2049, 2050, 2051, 2052, 2053, 2054, 2055, 2056, 2057, 2058, 2059, 2060, 2061, 2062, 2063, 2064, 2065, 2066, 2067, 2068, 2069, 2070, 2071, 2072, 2073, 2074, 2075, 2076, 2077, 2078, 2079, 2080, 2081, 2082, 2083, 2084, 2085, 2086, 2087, 2088, 2089, 2090, 2091, 2092, 2093, 2094, 2095, 2096, 2097, 2098, 2099, 2100, 2101, 2102, 2103, 2104, 2105, 2106, 2107, 2108, 2109, 2110, 2111, 2112, 2113, 2114, 2115, 2116, 2117, 2118, 2119, 2120, 2121, 2122, 2123, 2124, 2125, 2126, 2127, 2128, 2129, 2130, 2131, 2132, 2133, 2134, 2135, 2136, 2137, 2138, 2139, 2140, 2141, 2142, 2143, 2144, 2145, 2146, 2147, 2148, 2149, 2150, 2151, 2152, 2153, 2154, 2155, 2156, 2157, 2158, 2159, 2160, 2161, 2162, 2163, 2164, 2165, 2166, 2167, 2168, 2169, 2170, 2171, 2172, 2173, 2174, 2175, 2176, 2177, 2178, 2179, 2180, 2181, 2182, 2183, 2184, 2185, 2186, 2187, 2188, 2189, 2190, 2191, 2192, 2193, 2194, 2195, 2196, 2197, 2198, 2199, 2200, 2201, 2202, 2203, 2204, 2205, 2206, 2207, 2208, 2209, 2210, 2211, 2212, 2213, 2214, 2215, 2216, 2217, 2218, 2219, 2220, 2221, 2222, 2223, 2224, 2225, 2226, 2227, 2228, 2229, 2230, 2231, 2232, 2233, 2234, 2235, 2236, 2237, 2238, 2239, 2240, 2241, 2242, 2243, 2244, 2245, 2246, 2247, 2248, 2249, 2250, 2251, 2252, 2253, 2254, 2255, 2256, 2257, 2258, 2259, 2260, 2261, 2262, 2263, 2264, 2265, 2266, 2267, 2268, 2269, 2270, 2271, 2272, 2273, 2274, 2275, 2276, 2277, 2278, 2279, 2280, 2281, 2282, 2283, 2284, 2285, 2286, 2287, 2288, 2289, 2290, 2291, 2292, 2293, 2294, 2295, 2296, 2297, 2298, 2299, 2300, 2301, 2302, 2303, 2304, 2305, 2306, 2307, 2308, 2309, 2310, 2311, 2312, 2313, 2314, 2315, 2316, 2317, 2318, 2319, 2320, 2321, 2322, 2323, 2324, 2325, 2326, 2327, 2328, 2329, 2330, 2331, 2332, 2333, 2334, 2335, 2336, 2337, 2338, 2339, 2340, 2341, 2342, 2343, 2344, 2345, 2346, 2347, 2348, 2349, 2350, 2351, 2352, 2353, 2354, 2355, 2356, 2357, 2358, 2359, 2360, 2361, 2362, 2363, 2364, 2365, 2366, 2367, 2368, 2369, 2370, 2371, 2372, 2373, 2374, 2375, 2376, 2377, 2378, 2379, 2380, 2381, 2382, 2383, 2384, 2385, 2386, 2387, 2388, 2389, 2390, 2391, 2392, 2393, 2394, 2395, 2396, 2397, 2398, 2399, 2400, 2401, 2402, 2403, 2404, 2405, 2406, 2407, 2408, 2409, 2410, 2411, 2412, 2413, 2414, 2415, 2416, 2417, 2418, 2419, 2420, 2421, 2422, 2423, 2424, 2425, 2426, 2427, 2428, 2429, 2430, 2431, 2432, 2433, 2434, 2435, 2436, 2437, 2438, 2439, 2440, 2441, 2442, 2443, 2444, 2445, 2446, 2447, 2448, 2449, 2450, 2451, 2452, 2453, 2454, 2455, 2456, 2457, 2458, 2459, 2460, 2461, 2462, 2463, 2464, 2465, 2466, 2467, 2468, 2469, 2470, 2471, 2472, 2473, 2474, 2475, 2476, 2477, 2478, 2479, 2480, 2481, 2482, 2483, 2484, 2485, 2486, 2487, 2488, 2489, 2490, 2491, 2492, 2493, 2494, 2495, 2496, 2497, 2498, 2499, 2500, 2501, 2502, 2503, 2504, 2505, 2506, 2507, 2508, 2509, 2510, 2511, 2512, 2513, 2514, 2515, 2516, 2517, 2518, 2519, 2520, 2521, 2522, 2523, 2524, 2525, 2526, 2527, 2528, 2529, 2530, 2531, 2532, 2533, 2534, 2535, 2536, 2537, 2538, 2539, 2540, 2541, 2542, 2543, 2544, 2545, 2546, 2547, 2548, 2549, 2550, 2551, 2552, 2553, 2554, 2555, 2556, 2557, 2558, 2559, 2560, 2561, 2562, 2563, 2564, 2565, 2566, 2567, 2568, 2569, 2570, 2571, 2572, 2573, 2574, 2575, 2576, 2577, 2578, 2579, 2580, 2581, 2582, 2583, 2584, 2585, 2586, 2587, 2588, 2589, 2590, 2591, 2592, 2593, 2594, 2595, 2596, 2597, 2598, 2599, 2600, 2601, 2602, 2603, 2604, 2605, 2606, 2607, 2608, 2609, 2610, 2611, 2612, 2613, 2614, 2615, 2616, 2617, 2618, 2619, 2620, 2621, 2622, 2623, 2624, 2625, 2626, 2627, 2628, 2629, 2630, 2631, 2632, 2633, 2634, 2635, 2636, 2637, 2638, 2639, 2640, 2641, 2642, 2643, 2644, 2645, 2646, 2647, 2648, 2649, 2650, 2651, 2652, 2653, 2654, 2655, 2656, 2657, 2658, 2659, 2660, 2661, 2662, 2663, 2664, 2665, 2666, 2667, 2668, 2669, 2670, 2671, 2672, 2673, 2674, 2675, 2676, 2677, 2678, 2679, 26

Planting of shade trees		
Pruning shade trees and cutting dead trees		

Cutting and burning brush,
New supplies,

303 51

89 07

This last year twenty three maple trees were planted, three of which did not live and will have to be replaced. I think this plan should be carried out each year as a number of our trees have shed, others are dying, and some of our streets have never had any shade trees planted on them.

I would recommend an increase in the appropriation for the coming year. There is more brush to be cut than can be done on the appropriation of last year. There is also more trees that should be taken down and some that should be trimmed.

LLOYD C. KING,

Tree Warden.

COURT DECISION PENDING

In the matter of the United States v. [redacted], in relation to the Insurrection, the Secretary of War has reported that the final decision has been rendered by the Court.

The court is of the opinion that the evidence is sufficient to sustain the verdict.

§177.01

Therefore, the set of n -tuples (a_1, \dots, a_n) is a \mathbb{Z} -module, isomorphic to \mathbb{Z}^n , and is a free \mathbb{Z} -module of rank n . The only exception is $n = 1$, where \mathbb{Z}^1 is isomorphic to \mathbb{Z} .

... ..

The figure consists of two separate line graphs. The left graph plots 'Rate of reaction' on the y-axis against 'Temperature (°C)' on the x-axis. The x-axis has markings for 10, 20, 30, and 40. The curve starts at a low rate at 10°C, rises to a peak at 30°C, and then begins to decline at 40°C. The right graph also plots 'Rate of reaction' on the y-axis against 'Temperature (°C)' on the x-axis. The x-axis has markings for 10, 20, 30, and 40. This curve shows a continuous, steep upward trend, starting from a low rate at 10°C and reaching its highest point at 40°C.

REPORT OF MOTH SUPERINTENDENT

I have used the town sprayer on private property work and applied the proceeds from same, which amounted to seventy-four dollars, on the garage rental and storage space used for town property.

The following is a list of property belonging to the Moth Department:

- 1 4-H. P. Sprayer.
- 1 Worthly nozzle.
- 2 Worthly nozzle spray spreaders.
- 5 Green side caps, small.
- 2 Spray rods.
- Rope and blocks.
- 2 Brush clippers.
- 2 Hatchets.
- 1 Belt cutter.
- 1 Hand saw.
- 2 Pole saws.
- 1 one-man cross-cut saw.
- 1 Ladder, 80 feet.
- 1 Ladder, 50 feet.

EVERETT H. COLDWELL,

Moth Superintendent.

REPORT OF MEMORIAL DAY COMMITTEE

Amount appropriated,

\$200.00

Expenses as follows:

17th Regiment Band,	\$125.00
Rev. Mrs. R. Lovell,	10.00
Pedernini & Sons, flowers,	10.00

G. W. Woolvett, printing.	4 00	
W. H. Holbrook, flags.	13 50	
S. F. Quinlan, ice cream.	6 95	
Mrs. Soper, lunches.	7 87	177 32

Unexpended balance.

\$22 00

FRANCIS H. PORTER,
WOODWORTH OFFICE

For cement seats delivered in April,	161 71	
	<hr/> \$450 00	\$450 00

C. E. SIMPSON,
 MARTHA E. PALOSKI,
 T. CHAPEL-WRIGHT.

of Mills in accordance with the vote passed at the annual town meeting of 1924. I would state that, during the number of petitions received by the Towns for audits of accounts during the past two years, all have been in full compliance with the request for the installation of an auditing system. However, we cannot devote too much time to the maintenance of the system for the town of Mills. The following is a summary of the subject.

The following is a summary of the subject.

Report submitted,
 ALBERT R. HOLL,
 Chief of Street

WARRANT FOR THE ANNUAL TOWN MEETING **February 14th, 1927.**

COMMONWEALTH OF MASSACHUSETTS
 Norfolk ss.

I, the undersigned, Clerk of the Town of Millis,
 in the County of Norfolk,

do hereby certify:

That the Town of Millis is a town in the County of Norfolk,
 in the Commonwealth of Massachusetts, and that the annual
 meeting of the Town of Millis is to be held in the
 Grange Hall in Millis, on the 14th day of February,
 1927, at 7:30 o'clock in the afternoon.

The polls for the election of the Town Officers for the year
 1927 shall be held on the 14th day of February,
 1927, at 7:30 P. M. in the Grange Hall in the Town of
 Millis, in the County of Norfolk, and there shall be a poll
 for the election of the Town Officers.

At the said meeting, the following officers shall be elected:
 One Town Clerk for one year, One Town Treasurer for one year, One
 Constable for one year, One Auditor for one year, One
 Tree Warden for one year, One Selectman for three
 years, One Overseer of the Poor for three years, One As-
 sessor for three years, One School Committee for three
 years, One Trustee of Public Library for three years,
 One Cemetery Commissioner for three years, One Park
 Commissioner for three years, One Sewer Commissioner
 for three years, One Tax Collector for one year, One
 Water Commissioner for three years. All the above to
 be elected by ballot.

Art. 9. To see if the Town will vote to appropriate a sum of money for special repairs on such streets as are selected by the Massachusetts Highway Commission acting in conjunction with the State and County, or act in any manner relating thereto.

Art. 10. To see if the Town will appropriate the sum of \$30000 towards the support of the District Nurse, or act in any manner relating thereto.

Art. 11. To see if the Town will vote to appropriate the sum of \$74.42, said sum being the portion of the expense incurred and apportioned by the County Commissioner for the care and maintenance of the Norfolk County Hospital, or act in any manner relating thereto.

Art. 12. To see if the Town will vote to appropriate the sum of \$1438.02 for the suppression of the Gypsy and Brown Tail Moth and Elm Leaf Beetle, or act in any manner relating thereto.

Art. 13. To see if the Town will vote to appropriate a sum of money for the Tree Department, or act in any manner relating thereto.

Art. 14. To see if the town will vote to purchase new fire hose for the Fire Department, appropriate money for the same, or act in any manner relating thereto.

Art. 15. To see if the Town will vote to appropriate a sum of money for the use of the Board of Health, or act in any manner relating thereto.

Art. 16. To see if the Town will vote to appropriate a sum of money for the use of the Park Department, or act in any manner relating thereto.

Art 17. I hereby certify that the following is a true and correct copy of the original as filed in the office of the County Clerk of this County, to-wit:

Art 18. I hereby certify that the following is a true and correct copy of the original as filed in the office of the County Clerk of this County, to-wit:

Art 19. I hereby certify that the following is a true and correct copy of the original as filed in the office of the County Clerk of this County, to-wit:

Art 20. I hereby certify that the following is a true and correct copy of the original as filed in the office of the County Clerk of this County, to-wit:

Art 21. I hereby certify that the following is a true and correct copy of the original as filed in the office of the County Clerk of this County, to-wit:

Art 22. I hereby certify that the following is a true and correct copy of the original as filed in the office of the County Clerk of this County, to-wit:

Art 23. I hereby certify that the following is a true and correct copy of the original as filed in the office of the County Clerk of this County, to-wit:

Art 24. I hereby certify that the following is a true and correct copy of the original as filed in the office of the County Clerk of this County, to-wit:

Art 25. I hereby certify that the following is a true and correct copy of the original as filed in the office of the County Clerk of this County, to-wit:

Art 26. I hereby certify that the following is a true and correct copy of the original as filed in the office of the County Clerk of this County, to-wit:

Art 27. I hereby certify that the following is a true and correct copy of the original as filed in the office of the County Clerk of this County, to-wit:

Charles Hatfield, and to appropriate money for the same, and to borrow money on serial notes not extending over a period of five years, or act in any manner relating thereto.

Art. 26. To see if the Town will vote to appropriate the sum of \$500.00 for repairs on Farm Street, or act in any manner relating thereto.

Art. 27. To see if the Town will vote to appropriate the sum of \$500.00 for repairs on Causeway Street, or act in any manner relating thereto.

Art. 28. To see if the Town will vote to change Chapter 7, Section 1 of the By-Laws so as to read, All taxes assessed in each year shall be payable on the 15th day of October in the same year and all taxes not paid on or before the first day of November, interest will be charged at the rate fixed by law.

Art. 29. To see if the Town will vote to amend Section 4 of Chapter I of the Town By-Laws as follows:

By striking out Two Hundred Dollars and replacing One Thousand Dollars so it will read as follows:

No appropriation of One Thousand Dollars or more shall be made at any Town Meeting, other than the annual meeting, unless there are present at the time of said appropriation at least 15% of the legal voters of the Town.

Art. 30. To see if the Town will vote to amend Section 4 of Chapter I of the Town By-Laws by striking out 15% and replacing 10% so it will read as follows:

No appropriation of Two Hundred Dollars or more shall be made at any Town Meeting, other than the an-

usual meeting, unless there are present at the time at least a quorum, at least 1/3 of the total legal voters of the town.

Art. 31. To see if the Town will vote to appropriate a sum of money to take up and lay down the water main at the junction of Village and Forest Streets in any and every manner relating thereto.

Art. 32. To see if the Town will vote to appropriate a sum of \$2000 to take up and lay down a water main at the junction of Forest Street with Village Street in any and every manner suitable for snow removal or not in any manner relating thereto.

Art. 33. To see if the Town will vote to appropriate the sum of money to appropriate a sum of money to take up the water main at the junction of Village and Forest Streets in any and every manner relating thereto.

Art. 34. To see if the Town will vote to appropriate the sum of \$2000 to take up and lay down a water main at the junction of Forest Street with Village Street in any and every manner relating thereto.

Art. 35. To see if the Town will vote to appropriate a sum of money sufficient to pay all unpaid bills on Jan. 1, 1927, or act in any manner relating thereto.

Art. 36. To see if the Town will adopt the street from Exchange Street to Bridge Street bordering the Slapton and Cunningham Farms as laid out by the Surveyor, or act in any manner relating thereto.

Art. 37. To see if the Town will appropriate a sum of \$3,300 to take up and lay down a water main at the junction of Village and Forest Streets in any and every manner suitable for snow removal or not in any manner relating thereto.

Art. 38. To see if the Town will appropriate a sum of money to pay land damages on Middlesex Street, the same to be reimbursed by the County, or act in any manner relating thereto.

Art. 39. To see if the town will appropriate a sum of money for Memorial Day, or act in any manner relating thereto.

Art. 40. To see if the Town will appropriate a sum of money to be used in conjunction with the State Highway Commission under Chapter 81 of the General Laws, or act in any manner relating thereto.

Art. 41. To see if the Town will vote to pay one third 1/3 of the cost of installing the new heater in the N. Y., N. H. & H. R. R. Station, or act in any manner relating thereto.

Art. 42. To see if the Town will vote to authorize the Assessors to use the balance in the Treasury, Jan. 1, 1927, in making up their tax rate, or act in any manner relating thereto.

Art. 43. That the Treasurer with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the municipal year beginning Jan. 1, 1927, and to issue a note or notes therefor, payable within one year, any debts incurred under this vote to be paid from the revenue of said municipal year.

Art. 44. To grant money appropriated in the foregoing articles.

And you are directed to serve this warrant by posting attested copies thereof, seven days at least, before the time of meeting, as directed by the vote of the Town.

Here I will not only make some remarks
with your friends there to the meeting
meeting.

SUPERINTENDENT'S REPORT

To the School Committee of Millis:

In accordance with the regular custom, I have the honor to submit my third annual report.

The advance that has been made in the schools, and the higher standard that has been attained have been the outcome of the progressive policies and plans that the committee have maintained, and the conditions which have permitted of effective instruction through the spirit of co-operation.

Teachers

The teaching in the schools is so important that it leads to the most careful consideration. The instruction which, is the work of the teacher, is for the purpose of forming the mind and building the character of the pupil.

The marked improvement in the teaching has characterized the schools. The teachers are well qualified through normal training or college education and especially fitted for their respective positions.

The continuance of those teachers who had proved their effectiveness established a degree of permanency which resulted in greater advancement.

The increase in the number of pupils in the high school made it necessary to have another teacher, both on account of the need and the state requirement in order to keep the school in Class A.

The selection of the new teachers was given careful consideration which resulted in securing teachers who were especially fitted. All of the new teachers had the complete four years of educational training.

Reading

The... of... in... the... of... the... of... It has... of... the... of...

The... of... in... the... of... the... of... the... of... elementary studies.

Supplementary readers are necessary to establish the reading abilities through a continued interest and use of further reading of the same standard.

The Pathway of Reading is very well written, and especially well adapted to the respective grades and very interesting to the pupils. The stories are written to consist of phrases which is conducive to a greater degree of expression, fluency and comprehension.

Attendance

The attendance in the school is usually a good measure of the degree of interest that is being secured. The attendance has constantly improved for the last two years. For instance, for these two years, the attendance has been ten per cent higher, and the last year three per cent higher than what it had been.

Three per cent of the school expenditure amounts to nearly a thousand dollars a year.

The attendance shows that the children in school are getting the benefit of regular instruction, that the improvement in the school must be recognized and the parents are doing their part in leaving the children in the school.

Physical Education

The most practical method of establishing physical education in the schools and the development of school spirit is through games and activities in association.

The place that physical training should have in school is more and more recognized. It is now required by law as a part of the school work, specified to consist of indoor and outdoor games and athletic exercise.

The first thing I noticed when I stepped
out of the car was the cool breeze
on my face. It felt like a warm blanket
after a long, hot day. The sun was
still high in the sky, but the air was
just what I needed.

Conclusion

After a long and tiring journey, I realized
that the best part of the trip was the
time spent with the people I love. The
good memories I made will stay with me
forever. I am grateful for the experience
and the people who made it so special.
I will cherish every moment of it.

The last part of the journey was the most
tiring, but it was also the most rewarding.
I had a great time and I am happy to
have completed the trip. I will be
with you all the time and I will be
with you all the time.

I wish to thank the people who helped me
to this point. I am grateful for their
support and their love. I will be
with you all the time and I will be
with you all the time.

Thank you for everything.
I will be with you all the time.

School Song

Sing in the joy of the light,
 For a better tomorrow we fight,
 Come on, come on, sing to the day,
 In radiant light.
 These are our happy days,
 These are our happy days,
 For these we will be true,
 When far or near.

Each year we work and strive
 To keep our ideals high,
 High as the distant sky,
 Each one alive.
 Memory of happy hours
 Mills—thou school of ours.
 Hear this our welcome lay,
 Crimson and Gray.

Extra Teacher

In bringing over the old high school plan to the Junior-Senior plan of organization, care was taken to make the program offered the best possible. Mr. Frank P. Morse, Supervisor of Schools, has not only approved the program of studies for the ninth, tenth, eleventh and twelfth grades, but Dr. Henry H. Jones, Supervisor of the Elementary Grades, approved the seventh and eighth grades program. The new curriculum is liberal. Mr. Morse has also suggested an extra teacher, and in his report has stated that the committee is that effect. The new curriculum has been arranged so that the new plan may be carried out under the existing conditions without the necessity of making any changes in the school building. The new curriculum is such that the school may be able to handle the new plan without the necessity of having a new building for the classes to be carried out.

The school committee has given the aggressive team in the new teacher council all the position. Mr. Richard D. Sawyer has been elected, and the plan is proving very satisfactory. It is of advantage to have another man in the faculty, and to have a faculty member supervise athletics.

Commercial Department

This department has been growing rapidly the last few years, and I wish to give those interested an idea as to how many pupils and classes are being taught in this department. This year the classes and the number in each class are as follows:

Shorthand I	14
Shorthand II	3

positions render greater facility in taking notes. This system is by far the swiftest as is proved by the following:

"The Royal Society of Arts, London, England, among its activities, conducts a series of examinations in various subjects, including commercial subjects. According to reports of their recent examinations in shorthand, the number and percentage of passes of Gregg shorthand stood very high. Although Gregg has been taught in England little until the last three years, the percentage of marks of those passing stood (total figures) 67.57 for Gregg and 49.66 for Pitman. The total successes in all stages for Pitman were 6709 and failures 6799; for Gregg successes were 2138 and failures 1026. That is, the Gregg successes were almost one-third of Pitman, while Pitman had considerably more than six times as many failures."

Crowded Conditions

Soon after the opening of school in September each desk on the second floor of the high school was occupied. At the present time there are seventy-seven pupils enrolled in the four upper classes, as against sixty-four of last year, and one hundred forty-five pupils in the six classes of the Junior-Senior High School, as follows:

Grade 12	8 pupils
" 11	26 "
" 10	22 "
" 9	21 "
" 8	35 "
" 7	33 "

The first step in the process of setting up a new department is to determine the needs of the department and the needs of the university as a whole.

The second step is to determine the resources available to the department and the university. This includes a study of the existing facilities, equipment, and personnel. It also includes a study of the financial resources available to the department and the university.

The third step is to determine the personnel needed for the department. This includes a study of the existing personnel and the needs of the department. It also includes a study of the financial resources available to the department and the university.

Our school is a small one, and there is no room for a separate department. The department is needed and the needs of the department require the new building. The building that was added in the year 1910 was nearly the same size and cost as the room which I wish to have. It is so it soon must be that there might be a new building. We need such a room for our department.

school plays and entertainments, and rehearsals for same. I think our Parent-Teachers' Association meetings might be much more attended if the members had more comfortable places in which to sit.

Advantages of a High School Education

I think it is not out of place to remind the boys and girls and many of their parents that the main object of high school training is not so much to give a pupil the actual knowledge that he is going to use to earn his living as to strengthen his mind—to make him develop a power of application that will assist him in solving any problem and accomplishing any task (hard or easy).

Dean Lord of Boston University, by the assistance of life insurance tables, has shown very accurately how long a boy or girl of a given age is likely to live, and when combined with individual studies of the educational and earning history of great numbers of workers, these tables indicate pretty definitely what the average boy's or girl's earnings are likely to be for the whole of his or her life. They show that the average untrained man attains a maximum of \$1200 a year by the time he is 30 years old, whereas the average high school graduate reaches a maximum of \$2000 at 40 years. The earnings of the untrained man decrease as his physical capacity wanes; the trained man, on the other hand, usually earns more as he grows older.

Not only is a person's earning ability increased by the training of a high school education, but he has developed his mind in ways that add to his own power of enjoyment in later life, and to his value as a citizen. I encourage girls and boys to stay in school for their own

good, I do not think it necessary to believe that the more out of the way the more interesting, and among the more interesting the more interesting the more interesting.

A child's mind is a very curious thing, and it is not school learning that makes it so. That is, it is not the school learning that makes it so, but the child's mind is a very curious thing, and it is not school learning that makes it so.

If parents want their children to be good, they should let them be good. If parents want their children to be good, they should let them be good. If parents want their children to be good, they should let them be good.

School Activities

The principal of the school is a very good man, and he is very careful to see that the children are all well and happy, and that they are all taking part.

The school is a very good one, and it is very well run. The principal is a very good man, and he is very careful to see that the children are all well and happy, and that they are all taking part.

The school is a very good one, and it is very well run. The principal is a very good man, and he is very careful to see that the children are all well and happy, and that they are all taking part.

The French school is a very good one, and it is very well run. The principal is a very good man, and he is very careful to see that the children are all well and happy, and that they are all taking part.

parts in our school activities. They show good spirit in their willingness to help out.

The Tri-County Prize Speaking Contest was held at Medway last May. One girl and one boy entered the contest from our school. Miss Cohen received honorable mention for the second time.

The annual exhibition of work and entertainment will take place this year the first of May. This will give the teachers and pupils more time to make preparation.

A sewing club has been organized by Miss Phares, our fifth grade teacher. She very kindly has given the following report:

"During the winter months of last year, a sewing club was organized in Grade V. The girls learned how to make and hem, and later on they did some embroidery work. Several pretty towels, aprons, scarfs, and a little colonial kitchen were made in their short time.

"This fall several girls from Grades V, VI, VII and VIII asked to organize a club to which they all could belong. Without much hesitation, the problem was solved and a 4-H Club was organized. This is a club which has its program of work sent out by the State, and is assisted by a leader from the Norfolk Agricultural School. The success of this club depends largely on the local leader for the county leader visits only once a month.

"The sewing Club was organized November 1, 1926, with over thirty pupils from Grades V, VI, VII and VIII. This club has a president, vice president, and secretary. They have also chosen a name - the 'M. I. S. I. Club' (their motto is 'Work and Be Honest'; their color are

Miss H. ...

... organized ...

... The club consists of members of the eighth grades only, and at the present time it has a membership of twenty. During two of the meetings each month, actual cooking is done. The third meeting takes the form of a social event with a lecture by ...

the members, and refreshments which are made by the girls are served. At the fourth meeting, Miss Hays, the County Club leader, either gave a demonstration herself or brought a demonstrator with her.

As the program requires the girls to do the cooking, they have decided to make cook books containing only recipes which they themselves have proven satisfactory. As this is the first time that such an activity has been undertaken, a rather simple cooking book containing only simple vegetable and meat dishes, pickles, etc., is prepared. It has not been published, but will be made available to the health women. The club members will report on the work done at school with regard to this program.

When the program is finished, the girls will prepare a letter to the County Club leader, Miss Hays, in which they will express their appreciation for the work which she has done for them.

Conclusion

I wish to thank my superintendent, the school committee and the teachers for co-operating so ably in making the school year successful.

Respectfully submitted,

CLYDE F. BROWN,

Principal

REPORT OF THE SUPERVISOR OF DRAWING

For the year ending June 30, 1911

Presented to the

Board of Education of the City of New York
at its meeting held on June 1, 1911

The following report was presented to the Board of Education of the City of New York at its meeting held on June 1, 1911, by the Supervisor of Drawing, who has the honor to acknowledge the interest and assistance of the Board in the work of the Department during the year.

I have the honor to acknowledge the interest and assistance of the Board in the work of the Department during the year. The following report was presented to the Board of Education of the City of New York at its meeting held on June 1, 1911, by the Supervisor of Drawing, who has the honor to acknowledge the interest and assistance of the Board in the work of the Department during the year.

My aim is not to make an artist of each child, but rather to have him appreciate the more beautiful things in life. An aim which places Art in the same light with Culture. An office I hope to achieve eventually.

Any subject, to be of real value must entwine itself with other subjects. I have tried to do this with drawing by having the children of the lower grades illustrate their little stories, poems and songs. In the upper grades, lessons in history, reading, and geography can be illustrated, while outdoor activities for all classes can be used as a splendid subject. Another source of great joy to the children is making holiday pictures. Every holiday can be interpreted by the means of drawings, and aside from giving such pleasure to the children, these lessons tend to impress the child with the real meaning of the day.

The children of Millis have been very responsive and the teachers have put time and effort into carrying out the instructions that my outlines have given them. I wish to thank them, and the member of the school board for their co-operation. It has been most gratifying to me, and has made my first year a very pleasant one.

Very respectfully,
 EDNA M. APPLEBEE.

The annual musicals held in helping the United Club, should be used liberally to present a short program of entertaining numbers now being studied. In May, it is hoped, the entire school will join in a Spring Festival, important parts being given to pupils showing the most progress in each grade, and a Musical Queen being chosen from the senior High School, the trophy for the best school spirit.

The aim of the entire first course is to teach the children to sing well, sing songs as possible, to cultivate pleasing tone, and to enjoy good music; consequently fewer rules and exercises are being learned except through their application.

The teachers are recommended for their splendid support of the supervisors.

Respectfully submitted,

ELLEANOR COLE,

Supervisor of Music.

REPORT OF PENMANSHIP SUPERVISOR

I have the honor to acknowledge the receipt of your letter of the 10th inst. regarding the penmanship of the students of the school.

I have the honor to inform you that the penmanship of the students of the school is being improved by the use of the penmanship book which you have sent.

It is true that the penmanship of the students is not as good as it should be, but it is better than it was. The reason for this is that the students are now using the penmanship book which you have sent. This book is a very good one and it is helping the students to learn how to write better.

In each grade from the start, the greatest emphasis is laid upon the way in which the writing is done rather than upon the results on paper because the feeling that when good writing habits have been formed it is comparatively easy to teach form.

As near as we can judge the work has progressed satisfactorily and we are working hard for better form. No individual is held back for this class but according to his ability.

The drill work is only a means toward better writing and close correlation is expected in all other written work.

Summary

- Grades 1-2 Letter formation — accurate perception of form.
 Grades 3-4 Movement begun — muscular habit forming stage.
 Grade 5 Movement stressed — muscular coordination stage.
 Grade 6 Movement applied — making the writing movement automatic.
 Grades 7-8 Quality and speed — making all writing automatic.

Respectfully submitted,

MARY H. DALTON,
 Penmanship Supervisor.

REPORT OF SCHOOL NURSE

The following is a report of the work of the School Nurse during the year 1905-1906. The work of the nurse is to see that the children are kept healthy and free from disease. She also gives instruction in hygiene and first aid. The nurse also keeps a record of the health of the children and reports to the school committee. The nurse also gives instruction in the care of the sick and in the use of the sick room. The nurse also gives instruction in the care of the sick and in the use of the sick room. The nurse also gives instruction in the care of the sick and in the use of the sick room.

Grade 1	7	in line	Grade 2	7	in line
"	7	8	"	7	8
"	8	"	"	8	"
"	8	"	"	8	"
"	7	8	"	7	8

The boys were sent to the M. C. Camp last summer and came home the first of August showing a great improvement in their physical condition. I hope we will be able to send them there this summer.

The sale of the Christmas Seals in the school netted \$19.65 to the Association. 60% of this will be returned for school work. Grades 1 and 2 were weighed 1400

times this year - or do I had - every five weeks. There were 53 and twenty at the beginning of the year but when school closed there were only nine. I feel these wonderful results were accomplished because of serving milk at the morning recess. From Feb. 1 to June 15 755 1 quart of milk were served. From Nov. 1 to Apr. 1 377 quarts were served. There is a general health of the pupils has been very good this year, with very little sickness except 12 cases of chicken pox in June, 5 cases of scarlet fever in October and 25 cases of Measles in November. These cases being mostly in the lower grades.

When we started to serve milk I offered four prizes to the boys and girls who were underweight, who gained the most. Mary Downing and Samuel Howie won the prizes in the High School building. Helen Esselen and Donald Melhines in the Johns School building. All the school children were weighed and measured and found to be heavy. They were given a physical examination and were found to be in very good condition except a few bad Tonsils which I hope will be taken care of this summer.

There are 48 children enrolled in our pre-school clinic and defects are being remedied so that the children may start school in perfect condition. At this time, I want to thank the parents and teachers for their splendid cooperation in helping to make this a successful year.

Respectfully submitted,

JEAN S. WAMBOLT.

REPORT OF ATHLETIC INSTRUCTOR

Athletics

[illegible]

The aim or purpose of athletics then is to improve the boys and girls so that they may better their physical, mental and moral beings. Hence for this purpose the best is presented to the boys and girls and it is necessary that they have assimilated, even the strongest of them, what their parents can tell them their own worth is.

The program of Physical Education in the High School is based on the following principles:

the boys—Baseball, Basketball, Volley Ball and Track for the girls. When as the girls do not receive the same amount of instruction as the boys at the present time, it can be said that they derive benefits from their intramural games and furthermore that it is only a question of time and facilities before the girls will have as much time devoted to them as the boys have.

The success of a team in any competitive sport depends upon the amount of cooperation that is received from outside sources, the amount of drilling that the aspirants are willing to do and the amount of self denial that each member is willing to undergo. In other words, equipment, practice and training are the essential factors for success of a club. The last two points may be said to be a reflection of how well the individuals have learned the instructions that they have been subjected to. The past football season was a marked success just because of a development of these factors for we were provided with a shower, locker room and new equipment, thus supporting the first fundamental factor that I have mentioned. Faithful practice, thus carrying out the instructions of the coach was the second factor of success. The ability to train was the next important factor. This was shown by the fact that the boys denied themselves certain privileges that they had heretofore been accustomed.

Those who participated in this sport were:

George Karoughlanian
Archie Lubin
Elmer Wambolt
John Hinman

Herbert Smith
Rayden Barrett
Simon Novick
Joseph Nathanson

SCHOOL NOTES

The first of the series of lectures on the history of the school system in the United States was given by Mr. J. H. P. [Name] on [Date]. The lecture was well attended and the speaker gave a very interesting and comprehensive account of the development of the school system from the early days of the colonies to the present time.

The second lecture was given by Mr. [Name] on the subject of the organization of the school system. He discussed the various methods of organizing the schools and the advantages and disadvantages of each. He also discussed the question of the control of the schools and the role of the state in the education of the people.

The third lecture was given by Mr. [Name] on the subject of the curriculum of the schools. He discussed the various subjects that are taught in the schools and the reasons for including them. He also discussed the question of the length of the school year and the number of hours of study.

The fourth lecture was given by Mr. [Name] on the subject of the methods of teaching. He discussed the various methods of teaching that are used in the schools and the advantages and disadvantages of each. He also discussed the question of the use of textbooks and the role of the teacher in the classroom.

The Committee has arranged for the [Name] to give a series of lectures on the history of the school system in the United States. These lectures will draw the teachers and students more closely together

and stimulates the regular school work of the student body. We feel the results are so evident that we need but mention that on February 16th, the High School presented "Love Pirates of Hawaii," which was a decided success — On April 9th, the Senior Class presented their Annual play, "It Happened in June." At the time of their play Mrs. Hattie B. Cushing presented the Senior Class with \$90.00. On Sunday, December 19th, at 5.00 P. M. the pupils presented an hour of Christmas Carols under the direction of the Music Supervisor.

During the summer months the need of an extra teacher in the High School was called to our attention by Mr. Frank P. Morse, State Supervisor of Secondary Education. Acting on his suggestion the Committee voted to combine the new teaching position with that of Athletic Supervisor and Coach. Here again we feel the results have spoken for themselves, and the step wisely taken.

We wish to thank the Boggestowe Players for their donation of equipment for the younger children.

At the suggestion of our principal, Mr. Brown, the Committee voted to award \$2.50 gold pieces to Honor Pupils, at the Graduation Exercises. The Honor Pupils were Bernadine Grammont, May Simpson and Clara Clark.

On April 29th, in Grange Hall, Mr. Frank P. Morse, State Supervisor of Secondary Education, spoke to the Teachers. The public were invited to this meeting.

In April the Committee and Superintendent attended a meeting in the Framingham High School, of the School

Committees and Superintendents of this district. More than fifty delegates were present.

The Committee voted to extend the Bus Service for the School children in the Stony Plain section for the full school year instead of from November to April.

Through the courtesy of Mr. Horace M. Cushman, of the Clicquot Club Company, arrangements have been made to have the "No School Signal" sounded on the factory whistle. The signal will also be given on the Rockville Fire whistle. The signal is five blasts at 7:45 A. M.

On December 15th, the Annual Banquet was given to the members of the Athletic teams and a public reception and dance in their honor followed in Snow's Hall.

The wisdom of sports in the schools, under competent leadership and supervision are so apparent that we will not stress them in this report. The attention of Parents is called to a ruling of the committee that no student can participate as a representative of the school in any competition unless he has attained a passing mark in his studies. Failure to attain a passing mark automatically bars a student from competition until he has attained his rank.

The physical condition of the School equipment has had the careful consideration of the committee. Lack of attention in former years has made immediate action imperative that our buildings should be kept in proper condition. The work is not yet completed but we have done as much as our allowance would warrant and we plan to complete the work as soon as our finances will allow us to. We have painted the outside woodwork of

the High School building one coat. It should have a second coat this summer. We have painted the two front entrance halls of this building and part of the lower main hall. At the Ellice School we have renovated the school room and made some other necessary repairs. We have installed a new stove in this building. We have put in a new concrete platform and steps at one entrance to the Adams School. The bell systems in both the High School and the Adams school have been put in up-to-date condition. The top moulding of the roof coping of the High School Building has been covered with galvanized metal. We have co-operated with the Park Committee to clean up the boundary line between the Park and the School grounds.

We have put in new drains from the conductors at the rear of the High School Building and re-arranged the cesspool drains so that we have had no further trouble from the flooding of the basement floors. Last year we expended \$300.00 for pumping out the cesspools and taking care of the flood water at this building. Since the completion of the improvements there has been no expense from this source.

We have increased the insurance on the school property \$2700.

We plan to continue the instituted policy of last year, replacing worn out and obsolete book equipment.

For a more comprehensive understanding of the details of our school activities and academic work, the committee refers to the departmental reports approved hereto in which the details have been so nicely covered by others that the committee deems it unnecessary to

cover them in its report. We call particular attention to the report on the Sewing and Cooking Club — a new endeavor for our schools.

The Committee wish to express their appreciation to the Superintendent, the Principal, the Teachers, School Nurse, Coach, the janitor, and to the citizens of Millis for their co-operation, enthusiasm and support.

We recommend an appropriation of \$31,890.00 for the fiscal year January 1, 1927 to December 31, 1927.

Supervision and control	\$ 750.00
Salaries	20,380.00
Text Books	800.00
Supplies	700.00
Janitors	1,760.00
